When Goldenberg's announce a special sale of Women's and Misses' Suits you know it is not an ordinary sale, but one filled with unusual possibilities—both from a standpoint of style and quality. Every suit in tomorrow's sale emphasizes the high standard of value-giving maintained in this store's special suit offerings.

A backward season and a maker's necessity for turning his stock into money is responsible for this—our master merchandising achievement. One of New York's foremost suit manufacturers accepted a sharp loss on his overstock of brand-new suits.

Materials are noteworthy for their excellent quality—they are splendid grade French and Mannish Serges, in Navy Blue and Black—the most favored colors.

We need only touch on the smartness of the style that sponsors the maker's reputation for exclusive suit productions. There are a dozen of the season's newest and most popular styles to choose from—among them are—

Ripple-Back Styles  
Braid Trimmed Effects  
Plain TailorsVestee Models  
High-Waisted Styles  
New Pleated Ideas

Every garment is distinguished with a nicety of tailoring and finish which marks the more expensive suits selling at much higher prices. Linings are soft flowered silks.

All sizes in the group—16 to 44, for misses and women.
